Why change routes and services?

Capital Transit has been engaged in a process to update the transit system serving the City and Borough of Juneau since early last year. The effort has had many steps including a series of public meetings in 2013 and early 2014. What came from those meetings was adoption of a Transit Development Plan for Capital Transit last spring. The planning process and public meetings turned up many needs and issues in the current system. Some of those included:

- Lack of reliable connections between routes;
- Buses frequently running late;
- Service not provided early enough;
- No service on Riverside, or to Lemon Creek industrial area, or to the Auke Bay Ferry Terminal.

At the same time, the financial situation for Capital Transit is not robust enough to fund service expansion, in fact, the financial situation is such that any improvements must be accomplished by improving efficiency or moving around resources. In a system like Capital Transit that is a significant challenge. The service change described in this brochure addresses that challenge by meeting some, but not all, of the needs and issues by improving the efficiency of the system. For some customers this may mean greater walking distances to reach Capital Transit services, for others it may mean longer waits for transfers and for others, it may mean learning a new transit timetable. At the same time the changes will maintain or improve service to the vast majority of Capital Transit's riders.

The pluses:

- Timed transfers will be achievable.
- Thirty minute service will be maintained during peak times.
- Service will start earlier in the morning Monday through Friday and service in the evening will have more frequency and end at about the same time.
- Riverside Drive from Stephen Richards and Mendenhall Mall Roads will have service.
- All buses will now travel to and from the Downtown Transit Center (DTC).
- Service on Back Loop Road will be maintained.
- Service on Davis Avenue and Lemon Creek Road will be maintained.

The minuses:

- Transfers in the Valley will be shifted north from the Nugget Mall to Pipeline Skate Park on Mendenhall Loop Road.
- Buses will no longer enter the UAS campus.
- Mendenhall Loop Road between Stephen Richards and Mendenhall Mall Roads will no longer be served.
- Buses will no longer travel the downtown loop of Franklin, Fourth, and Main Streets.
- Service in Douglas beyond the Post Office to St. Anne's Avenue will be eliminated.
- Express bus service will only be hourly in the midday.

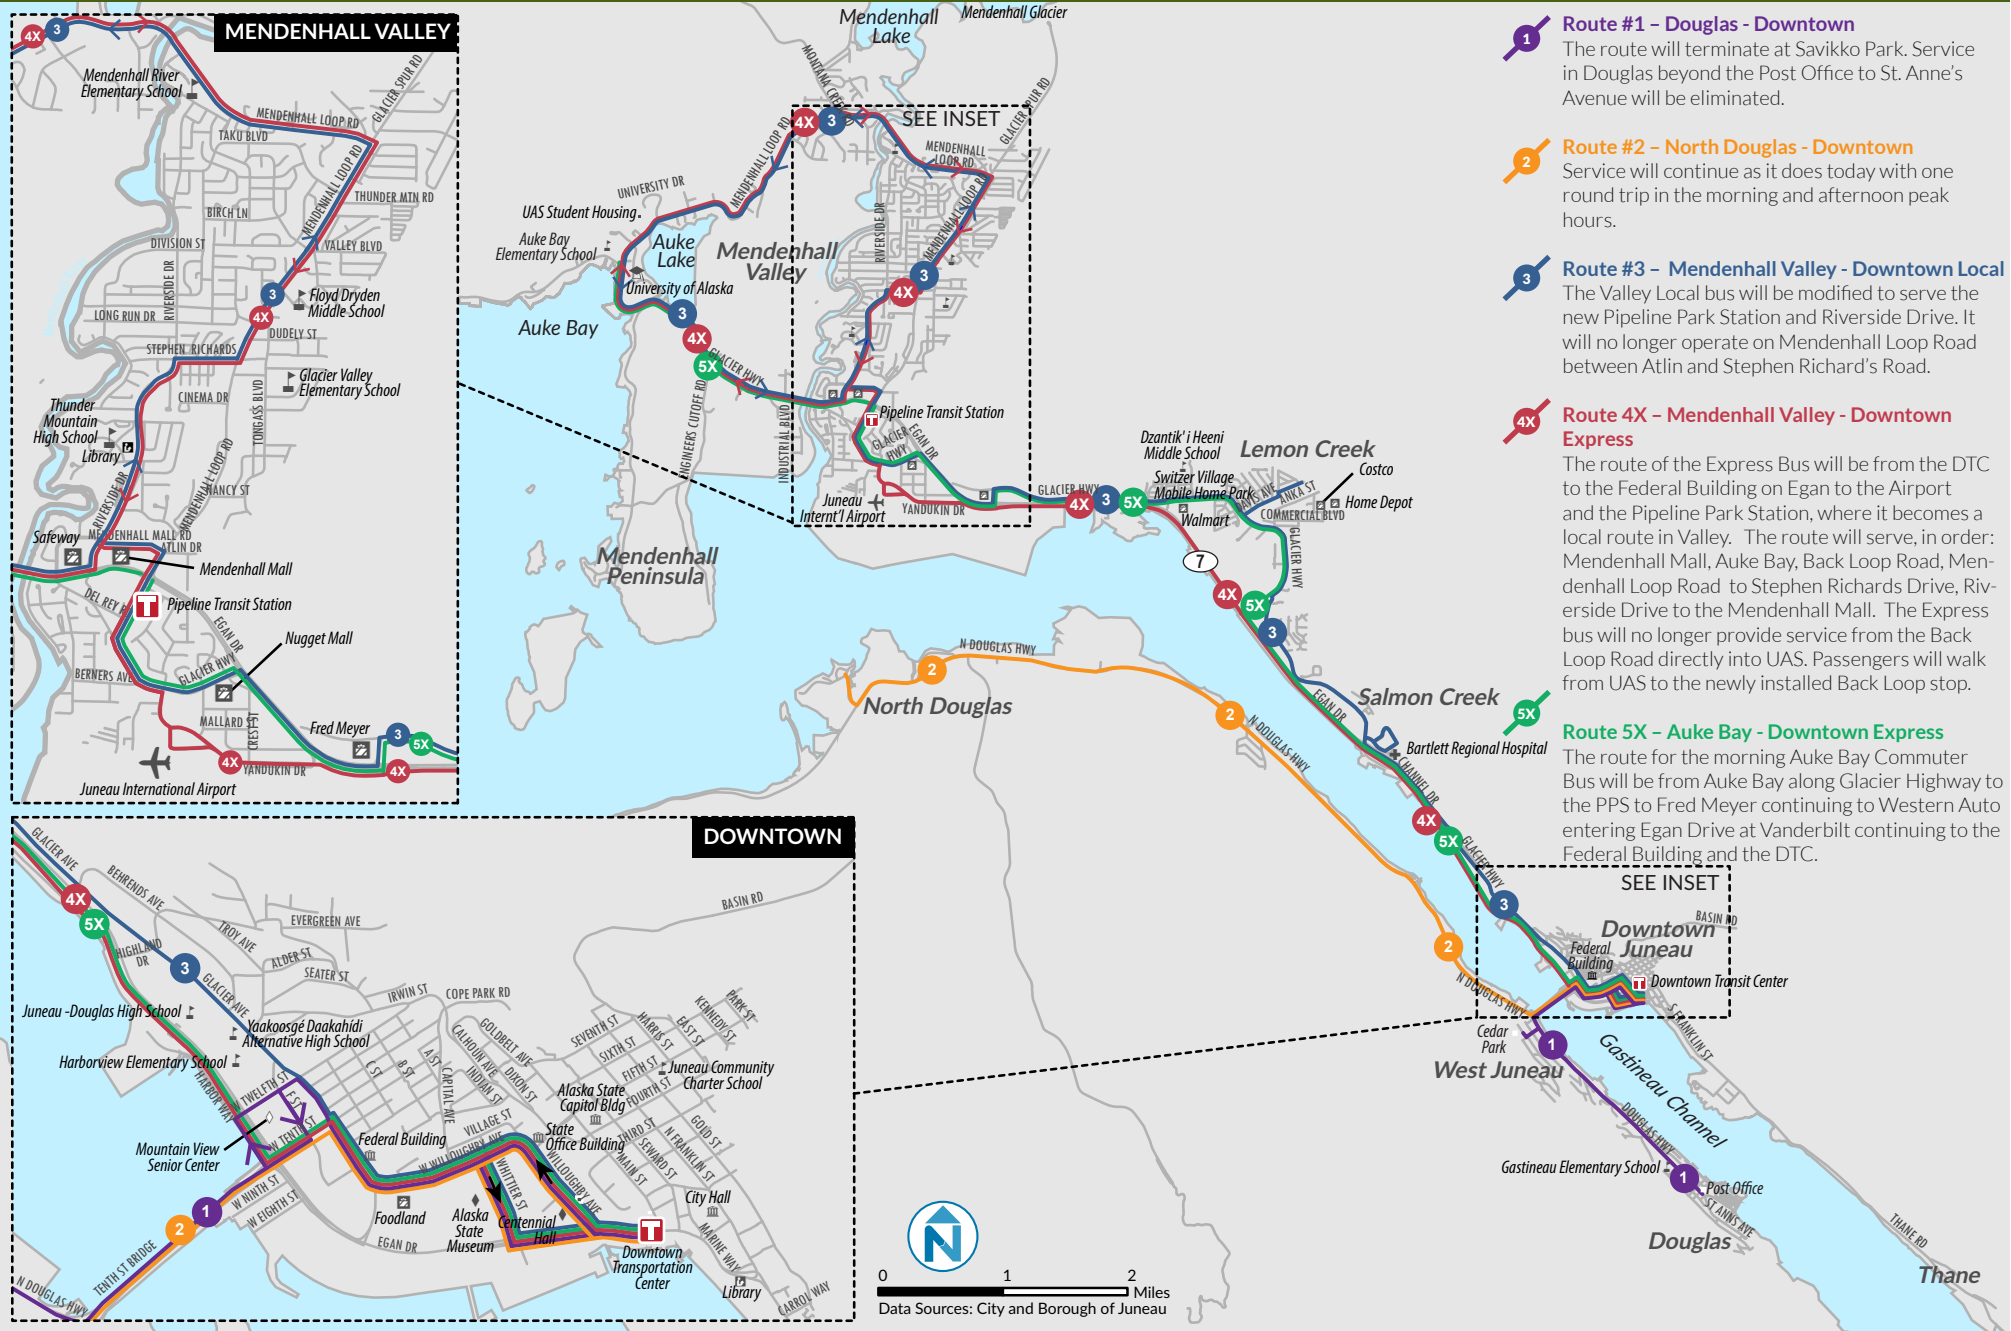

In addition to the public meetings announced on the front cover, there are several other ways to ask your questions or provide your comments:
