Mayo Schmidt
President and Chief Executive Officer
Hydro One Limited

RE: Authorization letter to enter discussions for local Juneau control and ownership of AEL&P and Alaska Energy Resources.

Dear Mr. Schmidt,

Please accept this letter as an introduction to two respected Juneau residents and businessmen, Mr. Keith Comstock and Mr. Duff Mitchell. I have asked Mr. Comstock and Mr. Mitchell to lead the initial efforts for the City and Borough of Juneau regarding our community's energy future.

We understand that you have entered a purchase agreement with Avista Utilities, the current owner of the AEL&P and AES Juneau assets. We have a strong desire and community interest to place these assets under local Juneau control and ownership in a mutually beneficial manner to you, the shareholders of Hydro One, and our community.

Mr. Comstock and Mr. Mitchell and their investment team are available to meet you in Toronto to discuss matters at your earliest convenience. I would ask you to support our request to schedule immediate discussions.

Sincerely,

Mayor Ken Koelsch
City and Borough of Juneau
